

Issues - Program List (April 10, 2008)

As required quarterly by the Federal Communications Commission (FCC), this Issues and Program List will identify the programs aired over WETD 90.7 FM, State University of New York, Alfred, NY 14802 over the preceding quarter (Jan 10, 2007 – April 9, 2008). In order to fulfill part 73.3527 of Title 47 Code of Federal Regulations (CFR) regarding non-commercial, educational radio stations, WETD 90.7 FM is required by the Federal Communication Commission (FCC) to submit a Quarterly List reflecting the “*licensee’s most significant programming treatment of community issues*”. The Issues – Program List must be filed in the Public Inspection File each quarter (On January 10th, April 10th, July 10th, and October 10th.)

WETD 90.7 FM is owned by The State University of New York (SUNY). Alfred State College’s (ASC) President, Dr. John M. Anderson, and the ASC President’s Counsel currently oversee the daily operations of the radio station. WETD is funded and operated as an ASC Student Senate-funded club.

WETD continues to seek to determine definitely what issues are affecting our community, and provide serious treatment for our listeners within the FCC defined guidelines for Issues and Programming Lists. The BOD continues to work towards this by conducting the Community-wide survey concerning what are the most significant issues that affect our listener’s lives. There are several clear areas, most notably personal finance and personal relationships. WETD is looking at all identified areas in this survey for adding need-specific programming for our listeners.

The main programs on the Issues & Programming list are **The Health Show, 51%**, and **The Best of our Knowledge**.

1. **The Health Show** is a nationally syndicated public radio program produced by the National Productions unit at [Northeast Public Radio](#). The program covers all aspects of modern health: prevention, treatment, research, administration and more. Each week *The Health Show* breaks the issues down so you can be a better informed patient or care-provider.
 - a. **Funding:** Funding for *The Health Show* comes from Northeast Public Radio and its listeners. Additional funding comes from the generous support of Wallace Genetic Foundation which provides grants in the areas of environmental education, children’s environmental health and preservation of farmland and national resources, especially water.
 - b. **Contact info:** The Health Show

3. Since 1990, **The Best of Our Knowledge** has highlighted breakthroughs across disciplines and across the globe, putting listeners in touch with the men and women at the forefront of their fields. Each week, Co-host [Dr. Karen R. Hitchcock](#) examines some of the issues unique to college campuses, looks at the latest research, and invites commentary from experts and administrators from all levels of education. [Glenn Busby](#) Co-host and producer of The Best of Our Knowledge, has made a special commitment to report on important developments in educational research.. The Best of Our Knowledge is produced by [WAMC/Northeast Public Radio’s National Productions](#) in Albany, N.Y. Production support for The Best of Our Knowledge comes from Queen’s University in Kingston, Ontario, Canada.

Please find attached the program times aired, as well as each program’s detailed description.

Sincerely,

Richard J. Herritt
