

## Issues - Program List (April 10, 2009)

As required quarterly by the Federal Communications Commission (FCC), this Issues and Program List will identify the programs aired over WETD 90.7 FM, State University of New York, Alfred, NY 14802 over the preceding quarter (Jan 10, 2009 – Apr. 9, 2009). In order to fulfill part 73.3527 of Title 47 Code of Federal Regulations (CFR) regarding non-commercial, educational radio stations, WETD 90.7 FM is required by the Federal Communication Commission (FCC) to submit a Quarterly List reflecting the “*licensee’s most significant programming treatment of community issues*”. The Issues – Program List must be filed in the Public Inspection File each quarter (On January 10<sup>th</sup>, April 10<sup>th</sup>, July 10<sup>th</sup>, and October 10<sup>th</sup>.)

WETD 90.7 FM is owned by The State University of New York (SUNY). Alfred State College’s (ASC) President, Dr. John M. Anderson, and the ASC President’s Counsel currently oversee the daily operations of the radio station. WETD is funded and operated as an ASC Student Senate-funded club.

WETD continues to seek to determine definitely what issues are affecting our community, and provide serious treatment for our listeners within the FCC defined guidelines for Issues and Programming Lists. The BOD continues to work towards this by conducting the Community-wide survey concerning what are the most significant issues that affect our listener’s lives. There are several clear areas, most notably personal finance and personal relationships. WETD is looking at all identified areas in this survey for adding need-specific programming for our listeners.

The main programs on the Issues & Programming list are **The Health Show, 51%, and The Best of our Knowledge.**

1. **The Health Show** is a nationally syndicated public radio program produced by the National Productions unit at [Northeast Public Radio](#). The program covers all aspects of modern health: prevention, treatment, research, administration and more. Each week *The Health Show* breaks the issues down so you can be a better informed patient or care-provider.
  - a. **Funding:** Funding for *The Health Show* comes from Northeast Public Radio and its listeners. Additional funding comes from the generous support of Wallace Genetic Foundation which provides grants in the areas of environmental education, children’s environmental health and preservation of farmland and national resources, especially water.

3. Since 1990, **The Best of Our Knowledge** has highlighted breakthroughs across disciplines and across the globe, putting listeners in touch with the men and women at the forefront of their fields. Each week, Co-host [Dr. Karen R. Hitchcock](#) examines some of the issues unique to college campuses, looks at the latest research, and invites commentary from experts and administrators from all levels of education. [Glenn Busby](#) Co-host and producer of The Best of Our Knowledge, has made a special commitment to report on important developments in educational research.. The Best of Our Knowledge is produced by [WAMC/Northeast Public Radio’s National Productions](#) in Albany, N.Y. Production support for The Best of Our Knowledge comes from Queen’s University in Kingston, Ontario, Canada.

Please find attached the program times aired with each program’s detailed description, as well as the WETD Listener Survey identifying the most significant issues facing our listeners. This ongoing attempt not only allows WETD staff to locate and broadcast the best possible programming, but it helps establish a baseline for meeting our listener’s identified needs.

Sincerely,

DATE	TIME	SHOW #	TOPIC
01/05/09	25:00	#955	The Future of Teachers. Some retiring teachers explain why they feel compelled to leave the profession early. Plus, an eight year veteran teacher from the Twin Cities talks about his new book, "Teaching in Circles."
01/12/09	25:00	#956	Our annual celebration of Dr. Martin Luther King's birthday begins. Ironically, it fall in the same week as the U.S. inaugurates its first African-American president. This episode features stories on the importance of diversity, like that provided by HBCUs in science and engineering, to keep us competitive in the global market place.
01/19/09	25:00	#957	Plans for Dr. Martin Luther King's national memorial in Washington move forward. We visit an HBCU which has a 3 to 1 graduation margin for students in the sciences. And the Mars Rovers continue to function nearly five years after their life expectancy.
01/26/09	25:00	#958	This week, we focus on Technology in Education. How technology is allowing for the growth of online learning, providing convenience and reduced costs. Plus we look at the Most Connected Campuses, as rated by the Princeton Review, and learn what impact they are having on higher education.
02/02/09	25:00	#959	The future of public education is now in the hands of President Barack Obama. We'll have an analysis of his education priorities. And then we'll look at the impact of interracial adoptions.
02/09/09	25:00	#960	Black History Month takes us to an HBCU in Alabama to find out why more African American women are not pursuing advanced degrees. And then reports from Kentucky as public schools there strive to become more diverse.
02/16/09	25:00	#961	It's President's Day week. We take a slightly skewed TBOOK approach to the holiday, by talking with college presidents. Kenneth "Buzz" Shaw has nearly 30-years experience and is now Syracuse University Chancellor Emeritus. Plus the unique story of another college president who enrolled as a college Freshman. And we welcome our new Secretary of Education, Arne Duncan.
02/23/09	25:00	#962	President Barack Obama wants more students in science and technology. What will it take to achieve that goal? Black History Month wraps up with the amazing journey of Dr. James P. Comer, who for 40-years has committed himself to developing successful inner-city schools that are part of the community.
03/02/09	25:00	#963	This show begins Women's History Month. A conversation with the Smith College president about single-gender higher education.
